Requirement Details

Requirements sorted by Test Suite order.

Test Case Details for Sessions where Test Cases have a result of one of the following : blocked, unresolved, fail

Requirement: 1.0.1 User can point ATM to a bug tracking system				Creation Date: Jun 15, 2009

Description:
ApTest Manager can be configured to use a third party tool to log/manage bugs.

Type: System	**Priority:** High	**Difficulty:** Medium	**Source:** Functional spec	**Object:** User interface

Owner Name: Joe Rice   **Associated Files**: None

State: Ready **Phase:** n/a

Number of Associated Tests: 3

Associated Tests:

ATM_Administration/ bug_tracking_URI

Best Result: pass
Average Result: pass
Worst Result: unresolved

	Change History		
#	Last Modification Time	Last Modified By	Change Details
1.	Jun 15, 2009	Sue Lake	Created

Associated Tests Detail

ID	#	Result	Latest Execution Note	Run By	Last Execution Time
ATM_Administration/ bug_tracking_URI	00096	unresolved	No bug tracking system configured	Joe Rice	Sep 30, 2011 12:54:40 PM CDT

Requirement: 1.0.9 Edit User Address				Creation Date: Jun 15, 2009

Description:
A user with Administrative access can modify the address information of another user.

Type: System	**Priority:** High	**Difficulty:** High	**Source:** Functional spec	**Object:** User interface

Owner Name: Norm Liu   **Associated Files**: None

State: Ready **Phase:** n/a

Number of Associated Tests: 3

Associated Tests:

ATM_Administration/ Change_existing_accounts/ edit_user_address

Best Result: untested
Average Result: fail
Worst Result: fail
